

1. In the Installation .DMG you downloaded open the “Acrobat DC” folder in it and Install Pkg

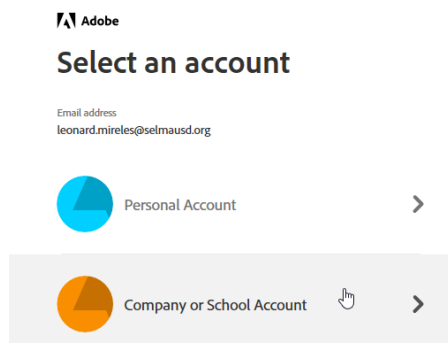

2. Run Installation Dialog

3. When Program opens up it will prompt you to login. Use District Email as your ‘Sign in’ email address. and click continue

4. Select Company or School Account *(If not prompt to select. Skip this step)*

5. It will prompt you to sign in with Google (*Use Your district Email and password*)

6. After logging with Google, the dialog window will close and a new Window will open up. Select yes to “Would you like to make PDF files...”

You are now ready to start using Adobe Acrobat DC!
