

Progress as Promised

**2021-22
CBOC ANNUAL REPORT**

**Selma Unified School District
Bond Program**

Bond Measure O

In 2016, the voters of Selma Unified School District approved Measure O by a 70+% margin. Measure O provided \$30.8 million in General Obligation bond funds to construct and modernize facilities in the District. In January 2017, the District began the process of selling the bonds and prioritizing projects. In 2021, projects were reinvigorated, with progress kickstarted across the District.

This report features progress as promised for Measure O.

Bond Measure L

School construction bond Measure L was approved by voters in Nov. 2022, funding up to \$36 million in projects in Selma Unified for safety improvements, and to repair, replace or upgrade roofs, air conditioning, electrical and technology wiring, and plumbing. While there are no State matching funds to access at this time, future State matching funds may be available to boost the effectiveness of Measure L.

Citizens' Bond Oversight Committee

Appointed by the school board, members review expenditures for construction, repair, and modernization of our schools. Their work is shared with the Board of Education and the public to demonstrate that school bond funds are invested as the voters intended and that projects are completed wisely and efficiently. We thank them for their volunteer service to Selma Unified.

Bond Expenditures To-Date

Bond Expenditures for 2021-22 \$3,157,535

Total Bond Expenditures through 6-30-2022 \$14,075,715

Fiscal and Performance Audit

As required by Measure O Bond language, each year a fiscal and performance audit of Measure O expenditures is conducted. The certified public accounting firm of Linger, Peterson & Shrum performed the required 2021-22 financial and performance audits for the fiscal year ending June 30, 2022. The auditor issued an unqualified opinion that no deficiencies or unallowable expenses were discovered. The audit reports were presented and approved by the District's Board of Education at their meeting on January 23, 2023. With this action, it was concluded that Selma Unified School District complied in all material respects with Measure O requirements to expend bond proceeds only on the school facilities projects specified. The audit was received by the Citizens' Bond Oversight Committee on February 1, 2023.

Statement of Compliance

This 2021-22 CBOC Annual Report will be submitted to the Board of Trustees in August, 2023 by the Selma Unified Citizens' Bond Oversight Committee.

The Committee advises that, to the best of its knowledge, the Selma Unified School District is in compliance with the requirements of Article XIII A, Section I(b)(3) of the California Constitution. Furthermore, the Committee has reviewed expenditure reports produced by the District that confirm that (a) bond proceeds have been expended only for the purposes set forth in the ballot measures; (b) and not for any other purposes, including teacher and administrative salaries and other school operating expenses; (c) and that bond proceeds have been maximized.

Respectfully Submitted by
Robert Allen, Chairperson, Citizens' Bond Oversight Committee
