SUTA-SUSD Negotiations
August 25, 2022

Proposals Exchanged
During the August 25 negotiation session, SUTA and the District exchanged proposals on Article XIX – School Calendar. The areas of focus were on the timeline for development and sharing of proposed calendars, and the use of various stakeholders’ input on the proposed calendars. A point of contention is the concept of calendars being prepared for one or two subsequent years. A conceptual agreement on this article was not reached, but SUTA and the District continue to share proposals with each other.

September 6 Negotiations Postponed
In the interest in efficient use of time, SUTA and the District have agreed that the negotiations that were scheduled for September 6 will be postponed to allow the negotiation teams time to prepare a number of proposals to present at the next scheduled negotiation meeting.

Negotiation Session following September 12 Board of Trustee’s Meeting
SUTA and the District agreed to reschedule the September 12 negotiation session to September 20. The change of date was discussed to allow the District to present financial data to the Board of Trustees’ at the September 12 meeting, then share the information with SUTA in preparation for further negotiations.
