Future Scientists Recognized

The school board recognized future scientists from Jackson Elementary and Indianola Elementary. The students participated in a science fair on the Jackson Campus. Jackson had 10 individual entries and Indianola entered four 2-person teams. Science Fair coaches were Ashley Ibrahim and Ashleen Shergill. We salute our future scientists and hope that they continue to make new discoveries!

English Language Arts Progress

Dr. Kitty Catania reviewed current student progress in the area of English language arts by school site/grade level.

Progress continues to be made by students, and there is still opportunity for more growth.

Second Interim Report Reviewed and Approved

Board of Trustees reviewed and discussed the Second Interim Report, presented by Asst. Supt. Andrea Affrunti. The report is required in order to conduct a review of the budget and to certify the District’s ability to meet its financial obligations. This report covers the accounting period from July 1, 2022, through January 31, 2023.

It was confirmed that with the current budget, the District has the ability to meet its financial obligations for the current fiscal year and two following years.
